This notice corrects the number of associated funerary objects published in a Notice of Inventory Completion in the Federal Register (74 FR 34775–34776, July 17, 2009). After publication, one additional associated funerary object was found. Transfer of control of the items in this correction notice has occurred.

Correction

In the Federal Register (74 FR 34775–34776, July 17, 2009), the following paragraph is inserted after paragraph three:

In 1947, one tinkler necklace was removed from a burial at San Miguel de Guevavi mission in Santa Cruz County, AZ by Clifford Burdick and was donated to the park. The human remains were removed from the site in 1991 and were described in a Notice of Intended Disposition published in a newspaper of general circulation in July 2009. The remains and object are from Mission Period contexts within a Jesuit church compound. No ceramic cremation vessels were found, indicating that the remains are historic burials.

In the Federal Register (74 FR 34775–34776, July 17, 2009), paragraph nine, sentence two is corrected by substituting the following sentence:

Officials of Tumacacori National Historical Park also have determined that, pursuant to 25 U.S.C. 3001 (3)(A), the 33 objects described above are reasonably believed to have been placed with or near individual human remains at the time of death or later as part of the death rite or ceremony.

Additional Requestors and Disposition

Transfer of control of the human remains and associated funerary objects occurred after the 30 day waiting period expired for the original July 17, 2009 Notice of Inventory Completion.
